**WARREN COUNTY WATER DISTRICT SUPPORTS EDUCATION  
SALCINOVIC NAMED SCHOLARSHIP RECIPIENT**

BOWLING GREEN, KY - The Warren County Water District continues to promote education in the water supply field and as a part of its overall community involvement efforts by offering a scholarship each year. Mirela Salcinovic of Warren Central High School was awarded a \$1,000 scholarship to Western Kentucky University for the 2009-2010 academic year.

"Mirela's qualities of a hard working student with a determination to succeed elevated her as the top candidate. We are excited to offer assistance as she furthers her higher education endeavors with a degree in Biology," said WCWD General Manager Alan Vilines. "This scholarship is another way we can serve our community and our customers."

In an effort to foster success of future water and sewer utility professionals, the scholarship is offered to assist a Warren County high school senior pursuing further education in a related field. The scholarship is renewable for four years, as long as requirements are maintained.

For application and eligibility details, students should contact their high school guidance counselor or visit [www.warrenwater.com](http://www.warrenwater.com).
