**WARREN COUNTY WATER DISTRICT SUPPORTS EDUCATION**  
**ALFORD NAMED SCHOLARSHIP RECIPIENT**

BOWLING GREEN, KY - The Warren County Water District continues to promote education in the water supply field and as a part of its overall community involvement efforts by offering a scholarship each year. Michael Alford of South Warren High School was awarded a \$1,000 scholarship to Western Kentucky University for the 2011-2012 academic year.

"Michael's qualities of a hard working student with a determination to succeed elevated him as the top candidate. We are excited to offer assistance as he furthers his higher education endeavors with a degree in biology," said Alan Vilines, general manager of Warren Water. "This scholarship is another way we can serve our community and our customers."

In an effort to foster success of future water and sewer utility professionals, the scholarship is offered to assist a Warren County high school senior pursuing further education in a related field. The scholarship is renewable for four years, as long as requirements are maintained.

For application and eligibility details, students should contact their high school guidance counselor or visit [www.warrenwater.com](http://www.warrenwater.com).

**About Warren County Water District**

Warren County Water District is a public water and wastewater utility serving more than 24,500 water and 4,000 wastewater customers throughout Warren County. There are 1,000 miles of water mains in the Warren Water service area, which spans 530 square miles. The Warren Water sewer system includes over 100 miles of sewer lines.
