**WARREN WATER ANNOUNCES NEW
MANAGER OF ENGINEERING & CONSTRUCTION**

BOWLING GREEN, KY – John Dix has joined the Warren County Water District as Manager of Engineering and Construction. In this position, Dix will be responsible for system planning, design and construction for Warren, Butler and Simpson County Water Districts. Dix was previously employed at the water districts from 1992 to 2001 as Project Engineer and then Manager of Operations.

Dix's engineering career has also included employment as the City Engineer of Bartlett, TN and Structural Engineer for submarines with the Department of the Navy. Dix worked at the Memphis consulting firm of Allen & Hoshall before moving to Knoxville in 2005 to work for Cannon & Cannon, Inc., a regional engineering firm with offices in Knoxville, Louisville, Bowling Green and Nashville, where he most recently held the position of Vice President.

"My family and I are excited to be coming back home," says John. "We are blessed to have an opportunity to return to the area that has always had a place in our heart. It will be great to serve the folks in Warren, Butler and Simpson Counties again."

General Manager Alan Vilines is excited to welcome Dix back. "We are very fortunate that John will be rejoining our company," says Vilines. "His broad water and wastewater system experience, plus his extensive knowledge of our community and facilities make him a very valuable addition to our team."

Dix holds a Bachelor of Science degree in Civil Engineering from Virginia Tech.
