

Protect the SOURCE

Drinking Water Week | May 5–11, 2019

In celebration of Drinking Water Week, Warren Water invited all fourth-grade classes in Warren County to step outside and create chalk art. Chalk art that encompasses the theme “Protecting the Source and/or How Water is Essential to Life.”

All pictures submitted will be posted on Warren Water’s Facebook page for the community to vote on their favorite creation.

Now, how will you protect the source? Let’s raise awareness together by posting ways to protect the source on social media and share all these chalk art creations! Tag Warren Water!
