

NOTICE

Warren County Water District purchases its water from Bowling Green Municipal Utilities (BGMU). To meet significant growth of both utilities, BGMU initiated a project to expand the current water treatment plant capacity from 30 million gallons per day (mgd) to 45 mgd. To assist in funding the project, BGMU is increasing the rates it charges the District. Due to this increase from its supplier, Warren County Water District has requested approval from the Public Service Commission to adjust its rates effective July 1, 2019.
