

The Warren County Water District is looking for the right person to join our team as an **AMR/AMI (Automated Meter Reading/Advanced Meter Infrastructure) Technician**. This full-time position involves efficiently and accurately reading and maintaining water meters by utilizing an automated meter reading/advanced meter infrastructure system, as well as handheld data capture devices.

The AMR/AMI Technician will perform physically demanding work in all types of weather. He or she will also use a variety of technologies and software applications to complete daily work. Candidate must be a high school graduate or equivalent, have a valid driver's license, and reside within one hour of the work location.

We offer an excellent benefits package including medical, dental, life insurance, retirement plan, 401a, etc. and an opportunity to become part of a growing, dynamic team focused on customer service and continuous improvements.
